

The Dairy Margin Protection Program: Information and Opportunities

What is the DMPP? And How Will it Work?

Dairy Decision Tool Software Demonstration

Potential Impacts on Farm Profitability

The 2014 Farm Bill initiated a new dairy program that is expected to assist in risk management when the MILC and price support programs expire.

All dairy farmers will need to make a decision about whether to participate. If a farmer chooses to participate, they will also choose a level of participation.

Join us at one of the MSU Extension meetings to learn more about the Dairy Margin Protection Program and what it means for your business.

All meetings are free but you will need to pre-register.

Choose from the locations listed to the right and register online at

<http://events.anr.msu.edu/DMPPmeetings/>

If you do not have internet access, you may call 231-533-8818 to register.
