- DSA 1 and 2 maybe 3

Realistic/achievable

- Who
- When
- Where
- What

Is there an adequate supply of milk?

- Who
- When
- Where
- What

Are producers receiving an adequate price?

- Who
- When
- Where
- What

Northwest look

- Producer profit
 - CME
 - Depooling
 - Pool loading
 - Quality
 - Make allowance
 - Ethanol
 - BST

Is what we are looking at in dairy policy going to allow producers to be competitive?

Producer responsibility

- Cooperatives
- Production
- Work as one
- Put egos aside
- Size
- Regionalism

Swamp People

What is the solution?

Producers get in a room and determine their price.
